AI IN Nutshell

by Gaurav Rizal &
Dipesh Bhandari

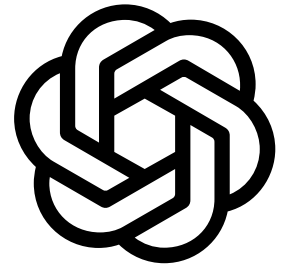

Day 04: AI for Study & Productivity

AI in Education

AI helps students learn faster, easier, and smarter.

- Acts as a smart study assistant
- Helps create notes and summaries
- Answers questions instantly
- Explains topics in simple ways
- Generates practice questions & quizzes
- Creates study plans & schedules
- Improves writing and assignments
- Helps with revision and memory tricks
- Makes learning accessible anytime, anywhere

Gemini

Study Smarter with AI (ChatGPT / Gemini)

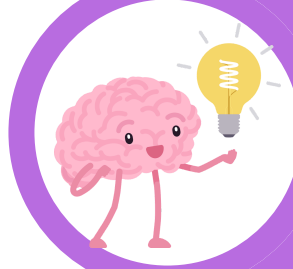

CHATGPT

GEMINI

What You Can Do

Ask Anything
Get instant explanations
Explain career paths in simple terms

Memory Tricks

Learn faster with mnemonics
Give me a trick to remember planets

Study Planner

Stay organized
Create a 7-day study plan for exams

Why It Helps

- Instant answers
- Easy explanations
- Saves time

Ask better questions = Better learning

Powerful Prompts for Students

Use These Prompts Today

01

For Understanding

Explain this topic in simple terms
Give real-life examples

02

For Memorizing

Create a mnemonic for this topic
Make it easy to remember

03

For Practice

Give me 5 MCQs on this topic
Create short questions for revision

04

For Planning

Make a daily study plan (2 hrs/day)
Prioritize my tasks for today

05

For Deep Learning

Explain step-by-step
What are common mistakes in this topic?

06

Explain Like I'm 10

Make Hard Topics Super Easy
Explain this like I'm 10 years old

Summarize, Paraphrase & Check Plagiarism

Tool : QuillBot | Grammarly

www.quillbot.com

www.grammarly.com

what you can do ?

01

Summarizer

Turn long text → short notes
“Convert this chapter
into key points”

02

Paraphrasing

Rewrite sentences in your
own words
Make this sentence
simpler

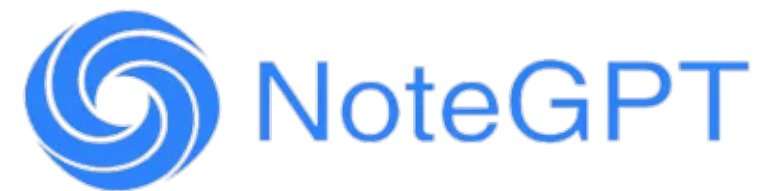

03

Plagiarism Check

Check if content is copied
Helps keep work original

Summarize = Shorten | Paraphrase = Rewrite | Plagiarism = Check originality

Youtube Video Summarizer

Tool : NoteGpt

www.notegpt.io

what it does ?

- **Why Use It?**
 - **Save hours of watching**
 - **Get key points instantly**
 - **Focus on what matters**

How It Works

1. Copy YouTube link
2. Paste into tool
3. Click Generate
4. Get summary in seconds

Don't watch more... learn smarter

Chat with Your PDF

Turn Any Document into a Smart Assistant

- Try ChatPDF
- Upload PDF → Ask questions → Get answers instantly
- Combines:
 - Summarize chapters
 - Answer questions
 - Explain difficult topics
- Notes & handouts, Past Question Papers, or articles

Stay Organized with Notion AI

Your all-in-one workspace for notes, tasks, and smarter studying

- A digital notebook + planner + AI assistant
- Combines:
 - Notes
 - To-do lists
 - Study plans
- “Google Docs + Planner + ChatGPT in one place”

Stay Organized with Notion AI

Less mess. More focus. Smarter study.

- Quick Actions (Power Shortcuts)
 - Press Space → Ask AI
 - Type "/" → Commands menu
 - Paste Image → Just Ctrl + V
- Explain this topic in simple terms
- Create table: [subject, topic, status]: Create a study plan
- Smart To-Do List: Prioritize my tasks for today

Learn Faster with Flashcards

Turn Notes into Memory Power

- Turns notes into flashcards instantly
- Perfect for:
 - English vocabulary
 - Definitions
 - Exam revision
- Best for quick revision & memory

Hon. Mention
STUDYGENIE

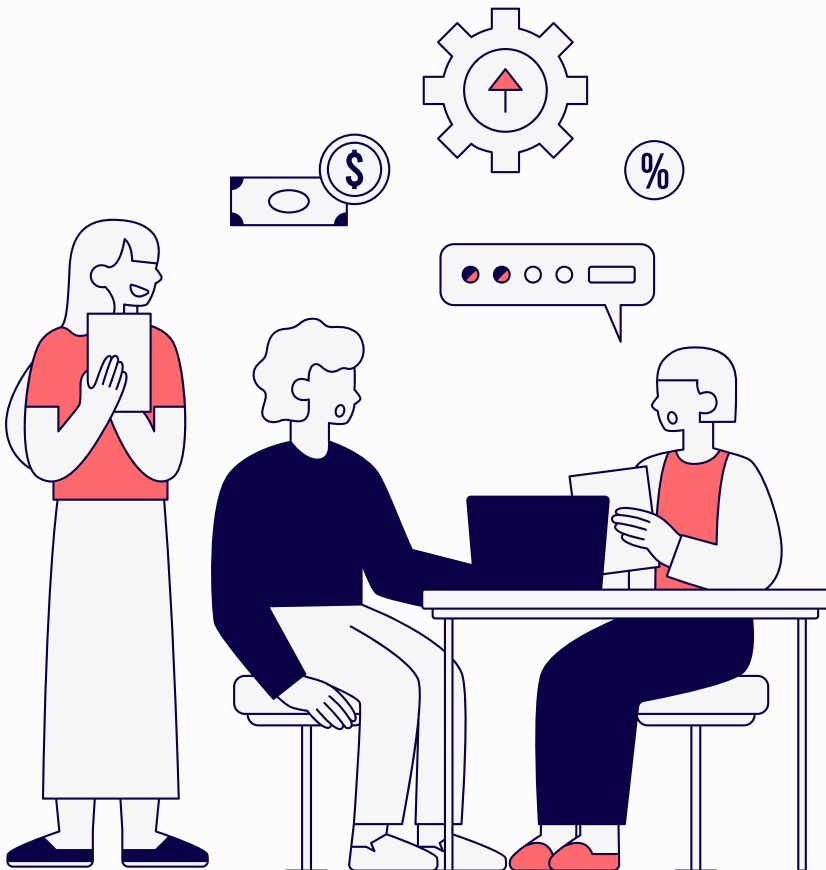

USE AI THE SMART WAY

Smart Use

- Learn new concepts
- Understand difficult topics
- Practice questions & revision

Wrong Use

- Copy-paste answers
- Cheating in exams
- Blindly trusting AI

AI won't study for you but it can help you study better.
